

NORTHERN ONTARIO MINING SHOWCASE

EXHIBITOR DIRECTORY 2025

**CIM
CONNECT**
convention + expo

Proudly supported by:

Federal Economic Development
Agency for Northern Ontario

Agence fédérale de développement
économique pour le Nord de l'Ontario

Canada

MESSAGE FROM YOUR HOST

To all companies, business owners, executives, dignitaries, and other special guests from around the world, we welcome you to the 2025 Northern Ontario Mining Showcase!

This event is led by the City of Temiskaming Shores and generously supported by FedNor to recognize the unique potential that CIM CONNECT affords for the promotion of Northern Ontario and its businesses to the world.

The Northern Ontario Mining Showcase provides a unique opportunity to showcase the knowledge, capacity, and innovative approaches that mining supply and service companies from our region can offer.

Be sure to take the opportunity to chat, cultivate relationships, and generate business opportunities and leads with the 48 participating exhibitors. We also encourage you to learn more about our region and how its central location provides access to mining supply and service companies, directly supporting mines across Northeastern Ontario and Northwestern Quebec.

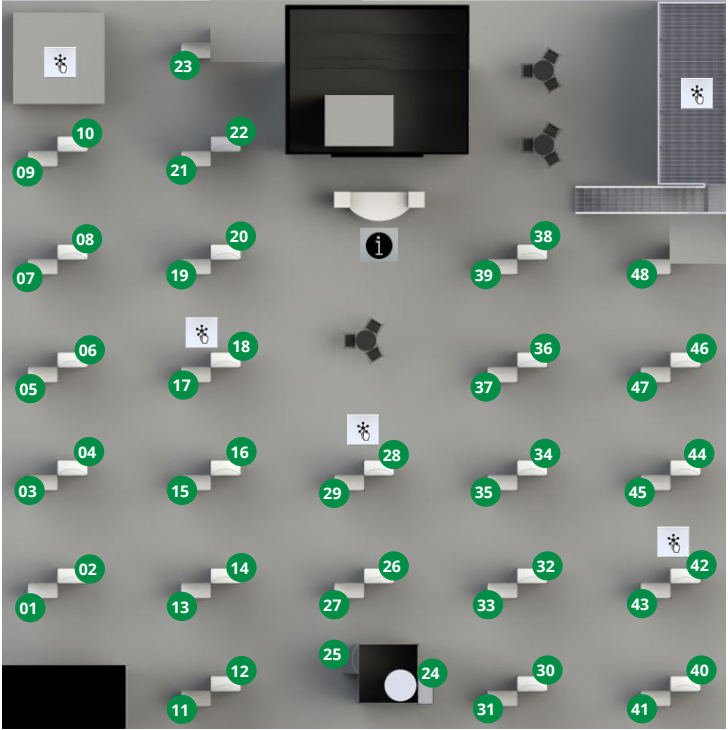

Join us and learn first-hand why Northern Ontario is deemed to be a centre of mining excellence!

Mayor Jeff Laferriere
City of Temiskaming Shores

ALEX MACINTYRE AND ASSOCIATES LTD.

17

macintyremining.com

Alex MacIntyre & Associates Ltd. has an excellent performance record with shaft sinking, track drifts, jumbo development, mechanized raising, mine construction, shotcreting and electrical-mechanical installations. In addition to an extensive fleet of underground mining equipment, MacIntyre also boasts a fleet of surface equipment including trucks, drills, loaders, excavators and dozers for surface excavation, tailings basin construction, ore and waste hauls and specialty drilling and blasting. We are a full service mining contractor. From mine dewatering through production and development to mine closures, MacIntyre has the equipment and experience to get the job done.

AUTOMATION NOW

41

automationnow.ca

Automation Now Inc. is a leading provider of design, build, and support services for electrical power, instrumentation, automation, and control systems. Our specializations include VFD's, PLC's, electrical field services, custom CSA-certified panels and ehouse/containers. We service the mining sector with the commissioning of high-voltage equipment, instrumentation / calibration installations, and electrical and instrumentation commissioning support, during the start-up pass of a site. We are recognized as the only provider of full automation, instrumentation and electrical services company based in Northwestern Ontario.

Ontario's **36 active mines** produced **\$15.7 billion worth of minerals and metals** in 2023. The largest value metal produced was gold, at \$6.5 billion, followed by nickel at \$2.5 billion.

BBE GROUP CANADA

35

bbegroup.ca

BBE is recognized worldwide for its expertise in mine ventilation and air conditioning. We provide independent specialist and engineering services ranging from conceptual designs and modeling through to detailed engineering, project execution, and turnkey solutions throughout the Americas. BBE's engineering complements include mechanical, mining, chemical (process), electrical/instrumentation, and civil/structural. We are leaders in predicting underground heat loads and their management with surface and/or underground refrigeration plants. Our expertise also covers all aspects of primary and secondary ventilation systems and fan engineering. Throughout, our solutions incorporate all associated occupational health and safety concerns.

BLACK DIAMOND DRILLING TOOLS CANADA

31

bddrill.ca

World-class drilling tools and equipment with delivery throughout North America! Black Diamond Drilling Tools Canada Inc. known as "BDDRILL" is a privately owned Canadian Company which services the Mineral Exploration, Mining, Water well and Geo-technical sectors of the Drilling Industry. Black Diamond's vision is to help its customers create value using world-class drilling equipment and tools. BDDrill's rock drilling and pneumatic tools are driven by innovation and the latest technology.

CAMBRIAN COLLEGE

42

cambriancollege.ca

Cambrian College's nationally accredited mining programs provide students with the skills and hands-on experience required to become part of underground or open pit mine teams throughout the globe. Cambrian R&D creates an environment of partnership, development, and learning that benefits everyone. We develop and offer programs to meet industry training needs while delivering courses ranging from battery electric vehicle maintenance, rigging, mine hoist, ozone depletion, and more. Each program is delivered in specialized labs, mobile spaces, and classrooms designed for face-to-face, virtual, and blended delivery.

CORELIFT INC

28

corelift.com

CoreLift™ is a novel Canadian equipment provider based in Sudbury, Ontario. Our goal is to promote physical diversity, improve geoscience productivity and continue to innovate with products that dramatically remove risks of repetitive strain injuries and improve workflow for core logging personnel. We provide consulting expertise as well as robust, innovative equipment to go from core shack to modernized core processing facilities.

CREIGHTON ROCK DRILL LIMITED

32

crdcreighton.com

Creighton Rock Drill Ltd is a privately owned company distributing high-quality, leading-edge products. Our products meet the high demands of the aggregate, attachments, construction, drilling solutions, mining, hardware, fluids, road maintenance, and ground engaging markets.

13

kovatera.com

Kovatera is a privately owned Canadian company founded in 2000 in Sudbury, Ontario. As an Original Equipment Manufacturer (OEM) of specialized, purpose engineered under ground utility vehicles, we produce non-articulated small footprint trucks and tractors. With over 1300 units sold globally Kovatera is a leader in the global mining industry offering a comprehensive portfolio of configurations to meet various underground applications.

KRUCKER HARDFACING

25

kruckerhardfacing.com

We specialize in the highest quality hardfacing materials and techniques to ensure our clients get the best results. Our experts provide a variety of services including Chromium Carbide Overlay lined pipe; including laterals, tees, straights, long radius elbows, and elbows. Our hardfacing services can extend the life of components, increase wear resistance and reduce downtime whether it's in the mines, concrete plants, paste fill systems, mills, smelters, or any other industry with high wear areas. We are dedicated to helping our clients get the best performance out of their products.

LS EQUIPMENT

30

lsequipment.ca

LS Equipment and Services Ltd. is a leading distributor and service provider of heavy equipment based in Northern Ontario, specializing in the forestry, construction, and mining industries. With a reputation for its extensive inventory and in-depth industry expertise, LS Equipment is one of the largest forestry heavy equipment shops in the region.

Mining is a vital economic engine, contributing **\$23.8 billion to the province's gross domestic product** in 2023, representing almost 3% of the total.

Turn-Key Communications has been a trusted name in network technology and installation for over 30 years. We specialize in structured cabling, outside plant construction, fiber networks, Wi-Fi, 5G, LTE, and leaky feeder systems. Serving a diverse range of industries, including mining, healthcare, education, and more, we are committed to driving innovation and connectivity. Our expertise and dedication to quality ensure we deliver tailored solutions that meet the unique needs of our clients

WABI IRON & STEEL CORP — 16

wabicorp.com

We provide integrated manufacturing including fabrication, machining, engineering, and a foundry producing iron & and steel castings. We specialize in custom design and manufacture of a wide range of mine skips, cages, loading stations, chutes, mine cars, and sheaves. We offer quality castings in over 100 different alloys which include Ni-hard, chrome iron, gray/ductile iron, steel, alloy steel, and stainless steel. We provide wear-resistant and impact-resistant parts and components for smelters, mills, steel plants, chutes, pumps, crushers, and the forestry industry. Our APEO-certified Engineering Department is capable of designing all types of cast and fabricated products. A proud century of engineering innovation.

WIPWARE INC.

39

wipware.com

WipWare designs and manufactures industry-leading photo analysis software and hardware. WipWare offers real-time analysis of materials in the field, laboratory, and online production settings for underground and surface mining, quarries, aggregate production, forestry, coal industries, and many more. WipWare offers photo analysis systems for conveyors, haulage trucks, and site-specific locations.

X-GLO NORTH AMERICA INC

47

x-glo.ca

x-Glo North America Inc. is the North American distributor of industrial-grade LED lighting solutions and is committed to developing and supplying high-quality x-Glo LED lighting products and systems that are purpose-built for mining, tunneling, oil & gas, and other industrial applications. In 2021 we launched our New Visual Alert Control System (V.A.CS) that allows clients to control our lighting solutions in the event of an emergency.

**More than \$5 billion was
spent** to buy, build and
upgrade mining assets in 2023.
